

ASLA/ACE Mentor Legacy Project

In 2008, ASLA introduced the Legacy Project as a gift to the host city of the annual conference. The host chapter teams up with the local affiliate of the ACE Mentor Program to design a project to be installed after the meeting. Many EXPO exhibitors donate products and plants each year for the project, allowing ASLA to give back to the city that hosts the meeting.

This is an all-volunteer led project and, as in year's past, support is needed from ASLA EXPO exhibitors. Exhibitors can pledge donations either before or during the 2021 ASLA Conference on Landscape Architecture. Whether you sign-up in advance or onsite, you will be required to label donation items in your booth.

Following the show's closing, Freeman will collect all labeled items for donations. Details will be available in a confirmation email that you will receive once you [complete the online donation form](#).

Please check with your tax advisor for tax deduction eligibility and opportunities.
